The doctors practising within the Office of Occupational Medicine only carry out medical examinations required for the award of driving licences; they do not issue general certificates of fitness to drive a car except during pre-recruitment medical examinations or periodic medical examinations.

Medical certificates of fitness to drive are not covered by medical insurance, and will not be reimbursed. Fees are determined individually by the doctors; you should therefore consult your chosen doctor regarding the fee they apply.

OPENING HOURS

Open to the public from Monday to Friday 9:30–17:00
